Response to Amendment

Claim Rejections - 35 USC § 112

1. Claim 21 rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention is withdrawn.

Claim Rejections - 35 USC § 102

2. Claims 15-23 rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over EP (1,170,347) is withdrawn.

Response to Arguments

3. Applicant's arguments with respect to claims 15-23 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102

4. Claims 15-23 rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over WO 01/05906.

5. WO '906 disclose an aqueous heat transfer composition comprising carboxylic acid salts such as sebacic acid, 2-ethylhexanoic acid, tolyltriazole and sodium hydroxide with said composition having a pH of 8(see examples 3 and 4).

6. As this reference teaches all of the instantly required it is considered anticipatory.

In the alternative that the above disclosure is insufficient to anticipate the above listed claims, it would have nonetheless been obvious to the skilled artisan to produce the claimed composition, as the reference teaches each of the claimed ingredients within the claimed proportions for the same utility.

Applicant argues that unexpected results in his specification in example 2 are indicative of nonobviousness with respect to WO '906.

The examiner contends that applicant has not overcome the statutory bar of 102 (b) and therefore cannot establish criticality until it is removed. However, the examiner will note that the showing in the specification is not commensurate in scope with the claimed invention and therefore would not overcome the 103.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
